5 ???&#0183; If you work at a desk all day long, you're probably very familiar with lower back and neck pain. Thankfully, reclining sofas can help support back health by alleviating the load on your spine. While sitting upright can increase the back pain you feel, laying back on a reclining sofa can actually reduce it.

Run a humidifier in the rooms where the static electricity affects your furniture. Dry air worsens static electricity. Adding moisture to the air will get rid of static electricity on furniture. Step 2. Combine a mixture of equal parts white vinegar and water in a spray bottle. Spray your furniture lightly with the mixture and allow to dry.

The wooden frames from your Lomond sofa (including slats and glides) can be responsibly recycled, along with all metal bolts and screws and our Full Circle sofa can be easily disassembled into individual parts, meaning it can easily be repaired by a trained technician in your home in case your sofa were to ever get damaged.
