Get the full list » Explore institutional-grade private market research from our team of analysts. You're viewing 5 of 11 investors. Get the full list »

On a macro-economic level, energy costs are of great concern for the Government of Sint Maarten. In 2012 Sint Maarten spent a total of NAf 264.8 million on importing of oil products, which comprises a remarkable 18% of the total GDP¹. This shows the heavy dependency on imported oil for Sint Maarten, and its country's vulnerability as this ...
