

Aurora battery Gabon

What is the Aurora Battery Conference 2024?

The Aurora Battery Conference 2024 has quickly grown into one of the largest energy storage focused events in the UK. Illuminate strategies for navigating risks such as grid congestion. Discuss the most promising markets for BESS projects. Explore how to maximise value within each market.

What is the Aurora Battery Conference?

Having grown into one of Europe's largest events for battery storage and other flexible energy technologies, the Aurora Battery Conference blends our original analysis with insights from leading figures in industry, finance, and policy. We look forward to welcoming you.

Why should you choose a Shenzhen Aurora battery?

Compared with other products in the market now, this kind of product experiences a lower rate of capacity loss. Shenzhen Aurora battery, founded in 2010 at China's Silicon Valley, a national high-tech enterprise focused on R & D, manufacture and sales of solar battery packs and solar home system. As innovation is our core competence.

Does Northvolt have a sustainable battery plant?

As part of the agreement, Northvolt will secure an offtake for up to 50% of the plant's capacity for use in its battery manufacturing. The JV partners are unwavering on driving the highest standards of sustainability, notably in the extraction and concentration of spodumene, the processing of lithium hydroxide, as well as in all related processes.

Galp and Northvolt have agreed to set up a joint company, Aurora, that aims to become a steppingstone for the development of an integrated lithium-battery value-chain aligned with Portuguese and European ambitions.
