

Belectric gmbh Nigeria

Who is Belectric Inc?

Belectric Inc is part of the BELECTRIC Group, the world technology leader in the development, construction and Operations & Maintenance of large-scale solar power and energy storage projects constructing globally over 300 solar PV power plants with 2.0 GWp PV capacity.

Who is Belectric Solar & battery?

Belectric Solar & Battery was established in 2001 in Germany. Today, 20 years later, it is a global leader in photovoltaic power plant design, construction and operation. It was the first in the world in the solar sector to achieve an installed capacity of 1 GW through EPC construction.

Why did elevion group merge with Belectric?

o Belectric GmbH and other European parts of Belectric will become one of the flagships of Elevion Group's expansion in the solar market. o For Belectric, the merger with the Elevion Group means the possibility of significant synergies in the advanced energy solutions sector and access to new customers.

BELECTRIC is one of the world's leading EPC service providers in the development, construction and operation of solar power plants. The solar energy specialist looks back on more than 20 years of experience in power plant construction and has built more than 500 PV systems with over 4.8 gigawatts of capacity worldwide.

Belectric's expertise in project development, energy storage solutions, electric vehicle charging infrastructure, and energy management systems has helped to establish the company as a global leader in the renewable energy sector.

Whether floating PV, hybrid plants or agrivoltaics - BELECTRIC harnesses its worldwide experience and transfers it into various cutting edge solar technologies. As one of the world's largest O& M service providers, the solar energy specialist also takes care of operation and maintenance for a capacity of 2.2 GWp of PV plants.

There, we operate from BELECTRIC locations in six countries. The headquarters of BELECTRIC GmbH are situated in Kolitzheim (Germany). In addition to Germany, our focus markets include Israel, the Netherlands, Denmark, the United Kingdom, France, Italy, and Spain. How do we succeed in making solar power economically attractive internationally?

o Belectric GmbH and other European parts of Belectric will become one of the flagships of Elevion Group's expansion in the solar market. o For Belectric, the merger with the Elevion Group means the possibility of significant synergies in ...

As an innovative, medium-sized solar energy company, BELECTRIC's vision is to make a clear contribution to the energy transition. We foster the acceptance of solar energy and strive for climate protection.

o Belectric GmbH and other European parts of Belectric will become one of the flagships of Elevion Group's expansion in the solar market. o For Belectric, the merger with the Elevion Group means the possibility of significant synergies in the advanced energy solutions sector and access to new customers.

Driving forward the energy transition and guaranteeing a future worth living to coming generations - this is what drives our day-to-day work at BELECTRIC. With more than 20 years of experience, we are your ideal partner for the development and construction of solar power plants and for all matters relating to solar energy and battery storage.

o Belectric GmbH and other European parts of Belectric will become one of the flagships of Elevion Group's expansion in the solar market. o For Belectric, the merger with the Elevion ...
