

British Virgin Islands enerox cellcube

What's going on with cellcube & enerox?

The primary vanadium producer has entered into conditional agreement for a complex deal that will effectively increase its holding in Austria-based Enerox, better known by its brand name CellCube, from around 25% to 27.6%.

Who is enerox?

Enerox, (formerly GILDEMEISTER energy solutions GmbH) is a globally active service provider in the renewable energy sector with headquarters in Würzburg (Bavaria).

Who is cellcube?

CellCube intends to be a fully integrated producer of vanadium, vanadium electrolytes and vanadium redox flow batteries for the Energy Storage Market. We put 15 years of research and development into the CellCube to provide you with a top-notch energy storage system.

Who makes cellcube batteries?

About CellCube - Enerox GmbH Under its trademark 'CellCube' the US and Austrian based Enerox GmbH develops, manufactures and distributes Vanadium Redox Flow Batteries. 'VRFB's are sustainable, long-duration energy storage systems, improving and securing the consumption of energy from renewable sources.

When did cellcube start selling ESS systems?

We started selling our CELLCUBE branded ESS systems in 2008 and while the first years (until around 2010/11) the main customer focus was on technology proof and application specific demo/pilot projects we have around 30% of the installed base in early adopter but commercial use.

What's behind cellcube's acquisition with Ontario Alumina Partners?

CellCube just entered a financing facility with Ontario Alumina Partners. What's behind that deal? Basically we have gone on an acquisition spree, and at the same time what we're surprised with is the uptick that we are getting from the customer base in solidifying projects and really, we're looking at a hot autumn for projects.

Enerox, (formerly GILDEMEISTER energy solutions GmbH) is a globally active service provider in the renewable energy sector with headquarters in Würzburg (Bavaria). From development and construction of turnkey large free-space ...
