

Who is Broadview Energy Solutions?

Broadview Energy Solutions B.V. (Broadview) holds a portfolio of gas technology and distribution companies, consisting of Aritas Cryogenics, Barents Naturgass, Cryogenic Container Solutions and DMT Environmental Technology. Our companies provide equipment and services for the transition to cleaner fuels.

How will Broadview expand its position in the small scale LNG (distribution) market?

Broadview aims to expand and strengthen its current position in the small scale LNG (distribution) market through organic growth of the existing portfolio companies as well as through new acquisitions and investments.

What markets does Broadview participate in?

Within the LNG market, Broadview is active through its participations in Aritas Cryogenics, Barents Naturgass, Cryogenic Container Solutions and DMT Environmental Technology. Key markets for distributed LNG are off-grid industry, remote power generation and marine fuel. Distribution is done by LNG trailers as well as by 40ft ISO containers.

Does Broadview lease gas equipment?

Broadview leases gas equipment. Cryogenic Container Solutions B.V. has a large fleet of 40ft cryogenic ISO containers, trailers and vaporizer skids. The cryogenic containers are suitable for transport and storage of cryogenic liquids such as liquid natural gas (LNG), ethylene (LEG), nitrogen (LIN), oxygen (LOX) and argon (LAR).
