After all, it's perfectly normal for a watch design to have a dynamic relationship with the world around it -- sizes go up and down, case materials go in and out of vogue. But in the case of Cartier, the emergence of the hallowed Louis Cartier design speaks to a deeper truth. "This new design shows two things," elaborates Rainero.

For a slightly different take on a Tank chronograph, consider the 2013 Tank MC Chronograph. Launched with Cartier's first in-house, automatic-winding Calibre 1904 MC, it does away with the monopusher and embraces the traditional, dual-pusher style. Whereas the Tank Monopoussoir Chronograph is a dressier model, the Tank MC has a decidedly ...

I have a fond love for Cartier watches. One of my all time favourites would be the Louis Cartier Tank in gold - a piece that has been re-issued recently as a modern timepiece for the 100 years celebration. Obviously it's a little out of reach (price prohibitive) and the next best would be to own and wear a modern Tank. And that's why I owned the Cartier Tank MC is steel.The tank ...
