

Centrica energy Bahamas

Who is Centrica Energy?

Centrica Energy is our global energy trading and logistics arm. We trade power, gas, LNG, and energy attributes and connect producers, suppliers and offtakers in the wholesale energy markets - and we provide our clients with the best route-to-market services available to the market today with physical and financial settlement approaches.

How did Centrica Energy Trading perform in 2023?

Looking for previous reports? Centrica Energy Trading A/S delivered strong financial results in 2023, a year that saw lower commodity prices and volatility. Mild weather, reduced energy demand, and strong gas storage levels drove increased market stability. Explore the 2023 Annual Report and strategic highlights.

Does Centrica have a role in the energy transition?

Centrica has a role at every step of the energy transition. When it comes to energy, we make it, store it, move it, sell it and mend it. Find out how we're energising a greener, fairer future. Net Zero isn't next, it's now. Join us on our mission to energise a greener, fairer future. Supporting our customers through...

Why did Centrica sell direct energy?

In July 2020, Centrica announced the sale of its subsidiary of Direct Energy in North America for \$3.63 billion to NRG Energy, in order to put more focus into its home markets. The money from the sale is to be put to the reduction of net debt and to the contribution of pension plans.

Why did Centrica buy British Energy?

In May 2009, Centrica purchased a 20% stake in nuclear power generator British Energy from EDF Energy. The company now produces 14.3% of its electricity from nuclear plants (the second highest rate in the United Kingdom), helping it to achieve the lowest carbon emissions of the major providers.

Is Centrica Energy a good place to work?

During 2023 we were Great Place To Work® certified, with 94% of employees stating that taking everything into account, Centrica Energy is a Great Place to Work. We're a collection of number crunchers, problem solvers, digital specialists and algorithmic architects - but we're also athletes, creative souls, kite-surfers and much more.
