Will Wärtilä supply the Caribbean island of Curaçao with a battery energy storage system?

WILLEMSTAD,Curaçao,May 20,2024 (GLOBE NEWSWIRE) -- Technology group Wärtilä will supply the Caribbean island of CuraC`ao with a 25 MW /25 MWh Battery Energy Storage System(BESS).

Who is putting a Bess order in Curacao?

The order was placed by Aqualectra,Curacao's government owned utilities company,and will be booked by Wärtilä in Q2,2024. The BESS and the GEMS Digital Energy Platform will provide grid stability and reliability,reduce unserved energy and help mitigate the risk of brownouts and blackouts.

What will Aqualectra's Bess system do?

In addition,the BESS system will allow Aqualectra to expand their renewables' visionthus allowing more renewable generation in the power system. The BESS system will also help smooth the intermittency of renewables.

7:20. A battery energy storage system (BESS) is an energy storage solution that allows facilities to store power and use it on demand. Essentially, the BESS is a series of batteries, inverters and a battery management system that charges the batteries from the electrical grid ...

Technology group, Wärtilä, will supply the Caribbean island of Curaçao with a 25 MW/25 MWh battery energy storage system (BESS). The system will enable the expansion ...

echnology group Wärtilä will supply the Caribbean island of Curacao with a 25 MW / 25 MWh Battery Energy Storage System (BESS). The system will enable the expansion ...
