

Soleos Energy is partnering with Melci, an electrical engineering company in the Democratic Republic of Congo (DRC), to construct a 200 MW solar PV power project. The project will be executed under a 25-year ...

India's Soleos Energy, in partnership with Melci Holdings, has started building a 200 MW solar park in the Democratic Republic of the Congo (DRC). The project is set for commissioning by late...

Hanergy Thin Film Power Group has announced that it has secured a strategic order for setting up a 400 Megawatt (MW) solar photovoltaic power plants in the Democratic Republic of Congo, the country's first and the largest solar power plant project, yet.

Indian renewables developer and builder Soleos Energy and a partner specialising in electrical engineering, namely Melci Holdings, are getting ready to commence construction of a 200-MW solar photovoltaic (PV) plant in ...

The solar power plant will be located in Fipango village, within the Kipushi territory in Haut-Katanga province. The project is projected to generate approximately 350 million kilowatt-hours of electricity annually and reduce 300,000 tons of ...

Soleos Energy is partnering with Melci, an electrical engineering company in the Democratic Republic of Congo (DRC), to construct a 200 MW solar PV power project. The project will be executed under a 25-year power purchase agreement (PPA) with DRC state-owned utility Sociéte Nationale d'Electricité (SNEL).

Hanergy Thin Film Power Group has announced that it has secured a strategic order for setting up a 400 Megawatt (MW) solar photovoltaic power plants in the Democratic Republic of Congo, the country's first and the ...
