

Dael solar international Cayman Islands

Are solar panels duty-free in Cayman?

However, renewable energy equipment, such as solar panels, are in fact duty-free for residential homeowners. Although Cayman enjoys over 300 days of sunshine, you will need to consider an alternative source of power should there be no sun. One such option is the Tesla Powerwall battery.

How many subsidiaries does Dael have?

The DAEL Group consists of several independently operating subsidiaries: DAEL Electro, DAEL Climate, DAEL Technical Management, DAEL Telecom, DAEL Power, DAEL Security and DAEL Connectivity. These companies operate on the cutting edge of technology and innovation, each within its own field of expertise.

Who is Dael group?

As a group of firms, the DAEL Group does not only cover a wide range of projects but also several countries: Belgium, England, The Netherlands and Scotland. DAEL Group guarantees reliable solutions. Always and everywhere. Every step of our work process is focused on providing optimum quality in combination with short lead times.

Is Cayman the perfect place to harness solar energy?

Significant improvements are being made in the solar energy industry every year and Cayman is the perfect location to harness the power of the sun. Solar energy can be harvested in two ways: solar photovoltaic (PV), which converts sunlight into electricity and solar thermal, which heats water.

What is the first commercial solar project in Cayman?

The 20 acre 5MW Solar Farm located in Bodden Town is the first commercial solar project in Cayman. Completed in 2017, this solar farm was also the first Independent Power Producer (IPP) in Grand Cayman, selling electricity to CUC through a Power Purchase Agreement (PPA).

Why should you choose Dael?

In conclusion, by responding to market opportunities and technological developments, DAEL will offer the best solution for a competitive price. Proven expertise since the start of our company in 2000, with all essential knowledge in-house. The DAEL Group operates on the cutting edge of technology and innovation.
