

What is a Fox energy cube?

The Cube Slave is the battery module and up to six units can be paired with a Cube Master to complete a Fox Energy Cube System. The modular design of the Fox Energy Cube allows for maximum flexibility, making it suitable for a broad range of storage applications.

What is a Fox cm4300 cube Master?

The Fox CM4300 is a 4.3kW Cube Master, which is required in the installation of a Fox ECS Battery Storage System. The Cube Master includes the system controller and battery module. The unit can be paired with between 1 and 6 x CS4300 Cube Slave battery modules. The Fox ECS is a high performance, scalable battery storage system.

How many kWh can a Fox energy Cube store?

The modular design of the Fox Energy Cube allows for maximum flexibility, making it suitable for a broad range of storage applications. Additional batteries can be installed in series, allowing for a maximum storage capacity of 28.21 kWh. Installation is easy, with a plug and play solution that can save valuable time for installers.
