

Edina company Mozambique

Who is Edina?

Edina is an on-site generation solutions provider for the engineering, installation and asset-care of gas engine, diesel power plants and battery storage.

Who owns Edina?

Edina is owned by EnergyPro Assets Limited (EPAL), a joint venture between Energy Efficiency Services Limited (EESL), the world's largest Energy Service Company under Ministry of Power, Government of India and EnergyPro Ltd, a leading UK-based advisory company that consults on energy efficiency projects.

How many employees does Edina have?

Edina employs over 200 staff across its international operations located in the UK, Ireland, Australia, and India, and collectively manages a growing portfolio of almost 1GW electrical distributed generation.

Why is Edina a good investment?

It also makes it an attractive market for investors. Edina is an engineering, procurement, and construction (EPC) contractor for advanced tier 1 battery and inverter technologies to provide an industry-leading battery energy storage solution that is scalable and delivers guaranteed performance.

Can Edina support India's transition to net zero?

During the event, Edina CEO Adam Bloom and Edina Strategic Adviser Hugh Richmond discussed on-site generation and battery energy storage systems as viable technological solutions to support India's transition to net zero.

Who operates energy transmission in Mozambique?

In Mozambique, Motraco (Companhia de Transmissão de Moçambique /Mozambique Transmission Company), operates energy transmission for 2 main clients: Mozal, an aluminium smelter located in Beluluane Industrial Park (Maputo) and EDM (Electricidade de Moçambique /Electricity of Mozambique).

Edina is the official authorised distributor in the UK and Ireland for market-leading MWM gas engines rated 400kWe - 4,500kWe. We have access to the full range of standby mission ...
