

Eminent energy limited Eritrea

What does eminent energy do?

Eminent Energy invests in cutting-edge renewable technologies such as solar, wind, hydro, and bioenergy to facilitate the shift towards a low-carbon economy. We drive innovation, create job opportunities, and contribute to the global goal of reducing greenhouse gas emissions by partnering with sustainable energy solution providers worldwide.

Who is eminent?

We are a privately controlled mid-stream oil company based in Cyprus. It was established to develop an energy trading business as well as investments into energy assets. By combining trading activities and tangible assets Eminent is ideally placed to pursue opportunities in the ever-changing energy and power markets.

How does eminent work?

Eminent has been operating in the crude oil market since 2010. Physical trading is impossible without establishing effective logistics operations. As a part of our business, we work with the leading market players in the shipping industry. Storage capabilities are a key component in Eminent's business strategy.

What makes eminent a successful company?

Eminent is a truly diverse company where our success is based on expertise and skills of our people. Our people are a core of Eminent's business, and it is our people's expertise, innovation, drive and relationships that we depend on the development of our business.

At Eminent, we see ourselves assisting the efficient energy transition. We are committed to provide more sustainable and cleaner energy solutions in our business. We are active on both ...
