

Are solar panels legal in Brunei?

At the moment, there is no regulatory governing the installation of solar panel in Brunei. Companies follow international standards for solar PV systems that convert solar energy into electrical energy, as well as for all the elements in the entire system.

Can Brunei achieve 200 MWp of solar energy by 2025?

The Sultanate also targets achieving at least 200 MWp of solar energy capacity by 2025. This project also supports the Brunei Climate Change Secretariat's strategies to increase renewable energy adoption and reduce carbon emissions.

Does Brunei have a sustainable future?

Brunei is targeting 30% renewable energy in total power generation mix by 2035, with 200 MWp of solar energy by 2025. The launch event also saw the release of Hengyi's 2023 ESG Report, which highlights their progress in environmental sustainability, social responsibility, and governance.

What is Sinar & how will it impact Brunei?

The solar energy generated through Project SINAR will not only support the energy needs of Hengyi Industries' Petrochemical Refinery but also contribute to Brunei's national power grid when required, enhancing energy sustainability across the nation. Stage 1 of Project SINAR is targeted to be fully completed at the end of April 2025.

Is solar energy cheaper in Brunei?

Cabling and trenching works can be very costly due to the installation and maintenance process. Hence, for landscaping and outdoor lightings, solar is the cheaper and more convenient option. How can I maximize solar energy production in Brunei?

How will solar energy benefit Hengyi industries' petrochemical refinery?

"The solar energy generated through Project SINAR will not only support the energy needs of Hengyi Industries' petrochemical refinery, but will also contribute to Brunei's national power grid when required, enhancing energy sustainability across the nation," said Qiu Jianlin.

Head of Energy Transition Division at the Department of Energy, Prime Minister's Office Shirley Sikun said Expro Brunei's solar panels installation sets an example and inspiration to other private companies to ...

BANDAR SERI BEGAWAN -- Brunei will build three new solar power plants within the next five years as part of its transition from fossil fuels to clean energy, the energy minister said at the Legislative Council (LegCo) on ...
