

Who is FlexGen?

We're hiring! FlexGen designs and integrates battery energy storage solutions and the software platform that is enabling today's energy transition. We deliver utility-scale battery storage projects integrated with traditional and renewable power generation and armed with HybridOS(TM), our best-in-class energy management software.

Are FlexGen and hithium supplying a battery energy storage system?

Battery storage system integrator FlexGen and battery manufacturer Hithium could be supplying each other with complementary technologies for large-scale battery energy storage system (BESS) projects. The pair yesterday (21 November) announced the signing of a cooperation agreement in which they set purchasing targets over the next three years.

What is FlexGen and how does it work?

FlexGen started life over a decade ago specialising in microgrids for customers including the US Military, but has more recently become known for grid-connected energy storage systems. It has deployed numerous systems in Texas and started exploring niches in Midwestern US states.

What is plug & play FlexGen?

Image: FlexGen. FlexGen Power Systems has launched an electric vehicle charging solution combining its energy management system (EMS) platform and battery energy storage. The North Carolina-based energy storage system integrator firm yesterday (16 February) announced the launch of Plug & Play FlexGen Electric Vehicle (EV) Charging Services.

What is FlexGen BMS?

FlexGen's Domestic BMS Delivers Enhanced Security, Supply Chain Resilience, and Superior Performance Our US-based BMS offers fortified cybersecurity measures and complete control over the software stack, ensuring the highest levels of protection for critical energy infrastructure.

Why should you choose FlexGen for your Bess project?

Support environmental and economic goals when energy resiliency, and operational efficiency is secure. Our strength is in our flexibility. With the combination of modular EMS software and services, FlexGen can meet you where you are in any phase of your BESS project.

Editor Andy Colthorpe speaks with Yann Brandt, chief commercial officer at FlexGen, a solar industry veteran who saw the rising potential of the energy storage industry and jumped on board. FlexGen is an ...

Under the pact, FlexGen has committed to supporting the procurement of 10 GWh of battery capacity from Hithium, either through project efforts or indirectly from partners via its energy management system (EMS),
