Ftth outdoor cabinet Luxembourg

Are CommScope outdoor distribution cabinets FTTH compatible?

CommScope outdoor fi ber distribution cabinets are uniquely adaptableto almost any FTTH need,and we're eager to work with you to build effective solutions,both for today and for the future.

What is a small outdoor fiber distribution cabinet?

Small outdoor fi ber distribution cabinets are often used as the last distribution hub,connecting the network directly to homes with microducts or drop cables. These cabinets are also used as the secondary node in blown fi ber access deployments. Drops are installed when the customer requests service.

What is a OCAB-H cabinet?

The cabinet is confi gured in multi-operator mode,with two bodies--one for service providers and one for distribution. The cabinet holds both active equipment and high-capacity optical distribution fi ber. The OCAB-H passive and active cabinet is an IP54-rated modular enclosure.
