

How many countries have participated in ESS?

39 countries have participated in at least one round since 2002/03; 31 countries participated in ESS Round 10 (2020-22). European countries are welcome to join the ESS, even if they have previously not taken part or have been absent for some time.

What is ESS & how does it work?

It takes place every other year and collects data in more than thirty European countries through face-to-face interviews. The main objectives of the ESS are: improve the visibility and dissemination of social change data among academics, policymakers, and the general public.

What is the European Social Survey (ESS)?

The European Social Survey (ESS) is a pan-European research infrastructure providing freely accessible data for academics, policymakers, civil society and the wider public. CRONOS (CROSS-National Online Survey) - establishing the first cross-national probability-based input-harmonised web panel.

Is ESS a European Research Infrastructure Consortium (ERIC)?

ESS was granted European Research Infrastructure Consortium (ERIC) status in 2013. Italy, represented by Inapp, is a full member of the ESS ERIC. The National Representative of ESS is the President of Inapp, and both the National Coordinator of the survey in Italy and the Italian working group also operate at the Institute.

What ESS Data do we use for Greek elections post-Crisis?

Due to the lack of ESS data for Greece after 2010, for the electorate composition of parties post-crisis we use the Hellenic National Election Study (ELNES) carried out after the Greek general elections in January 2015. See the Supporting Information for a note on data issues.

Can European countries join ESS ERIC?

European countries are welcome to join the ESS, even if they have previously not taken part or have been absent for some time. The inclusion of new Members enables ESS ERIC to increase the body of comparative data available and leads to lower costs of participation for all the nations involved.
