

We offer expert domestic solar installations in Namibia, including grid-tied and off-grid solutions for residential homes in Windhoek, Swakopmund, Keetmanshoop, and anywhere else in Namibia.

Discover GSOL Energy's Namibia Windhoek Solar Project, providing sustainable energy solutions to enhance environmental impact and power the future. Learn more about our innovative solar initiatives and commitment to clean energy.

Solar City Proprietary Limited, headquartered at 22 Palladium Street, Prosperita, Windhoek, Namibia, is an emerging player in the renewable energy sector. Specializing in solar energy solutions, Solar City aims to revolutionize the way we harness and utilize solar power.

HOPSOL Africa is a technology leader for on- and off-grid solar power plants, fuel save controllers as well as solar diesel hybrid systems at utility scale (e.g. mining solutions). We are specialized in building and operating solar power plants in deserts and desert-like regions.

Greenland will vigorously invest in Power Generation, Transmission and Distribution Systems. We will deploy resources in the development of independent Power Generation Plants, hybrid power generation and distribution - as encapsulated for example under the Illuminate Nigeria Project

The Energydock Standard Range--compact, pre-built energy solutions designed for efficiency. Equipped with cutting-edge Victron Energy inverters, solar chargers (MPPTs), and STORAGEDOCK "prime life" lithium iron phosphate batteries, these units ensure unmatched reliability and performance.

At FSSS, we are driven by passion for delivering sustainable solar solutions that have a meaningful impact on lives. Operating from Windhoek we serve the entire Namibian landscape. Our commitment spans across a diverse range of products, extending from rural, residential to commercial renewable energy solutions.
