

What is Gresham House Energy Storage fund?

About Gresham House and the Gresham House Energy Storage Fund: Gresham House Energy Storage Fund plc seeks to provide investors with an attractive and sustainable dividend over the long term by investing in a diversified portfolio of utility-scale battery energy storage systems (known as BESS) located in Great Britain and internationally.

Does Gresham have a battery storage system?

More than 50% of Gresham's battery storage capacity will be integrated with Octopus' Kraken technology platform, which utilises AI and machine learning to optimise charging and discharging based on renewable energy availability and grid demand. How well do you really know your competitors?

Does Gresham House Energy Storage fund have a power purchase agreement?

Gresham House Energy Storage Fund has entered a power purchase agreement (PPA) with a subsidiary of Octopus Energy for 14 of its battery projects, totalling 568MW/920 megawatt hours (MWh), in the UK. The two-year fixed-price contracts, in place from 1 July 2024, cover approximately half of the company's 1.07GW target portfolio.

Will Gresham House Energy Storage fund use Octopus' Kraken platform?

Gresham House Energy Storage Fund will connect more than 50% of its batteries to Octopus' Kraken platform. Under the PPA, Octopus Energy will pay a fixed fee per megawatt for the use of the battery storage projects. Credit: petrmalinak/Shutterstock.

Is energy storage a cost-effective solution to energy supply-demand imbalances?

The UK's approach to electricity generation is undergoing fundamental change, shifting from coal and gas-fired power stations towards an energy mix dominated by renewable energy. A cost-effective solution to the intermittency of renewable energy is energy storage to address supply-demand imbalances on the national grid, in real time.

Gresham House Energy Storage Fund (GRID) invests in utility-scale battery energy storage systems (BESS) in Great Britain. The company recently hosted a site visit for analysts and investors to its 50MW capacity Enderby plant in Leicestershire, which included updates from GRID's Manager Ben Guest, Deputy Manager James Bustin and Chairman John ...
