

Solar System Installation. Whether commercial, home on or off-grid, we have a proven method of installation that works. We have installed more than 2000 solar systems across the country and that experience has become proficiency.

We supply and fix you with complete home solar packages and backup solar packages for businesses and institutions like churches, schools and hospitals. If you have specific needs we are ready to design you a solar system that covers your exact needs. We have up to 7 main solar home packages to power your home which cater for a variety of ...

Solar panels have no moving parts, have no emissions, are silent, and are virtually maintenance free. You can expect the panels to provide you with 30-40 years of trouble-free electrical production. The industry standard warranty of 25 years is a testament to solar panels reliability, which is unmatched by any other manufactured good.

Solar Flair made the transition to solar energy effortless. Their team handled everything, from assessing our energy needs to designing and installing the system. The quality of their workmanship and attention to detail were impressive. We are thrilled with the environmental and financial benefits solar power brings to our home.

Find solar energy contractors and solar panel installation companies in Harare, Zimbabwe. Search the Professionals section for Harare, Zimbabwe solar energy contractors or browse Harare, Zimbabwe photos of completed installations and look for the solar energy contractor's contact information.
