

# Guernsey photovoltaic roof

How many solar panels are there in Guernsey?

A solar panel project at a Guernsey charity is now complete and will power about 40 homes, Guernsey Electricity said. There are 310 photovoltaic panels on the roof of the newly reopened Guernsey Rural Occupational Workshop (Grow) site. The charity worked with Guernsey Electricity and The Little Green Energy Company on the scheme.

How many panels should a guernsey home have?

A typical Guernsey home has at least one roof that faces east,south or west,or a flat roof that may be open to all the sun's orientations. From a few panels to four panels or more and typically 6 to 10 panels,you can maximise your generation by maximising your roof spaces.
