Who are RTE & Hitachi energy?

Following an international call for bids, RTE, the project owner of the connection of offshore wind farms, has selected the Chantiers de l'Atlantique and Hitachi Energy consortium to carry out the execution of offshore and onshore conversion stations for the future offshore wind farms in Normandy and Ole?ron.

Who is Hitachi energy?

Hitachi Energy has a proven track record and unparalleled installed base in more than 140 countries. Headquartered in Switzerland, we employ around 40,000 people in 90 countries and generate business volumes of approximately \$10 billion USD. Hitachi drives Social Innovation Business, creating a sustainable society with data and technology.

What is Hitachi HVDC?

Hitachi Energy's HVDC solution combines world-leading expertise in HVDC converter valves; the MACH (TM) digital control platform \*2, converter power transformers and high-voltage switchgear; as well as system studies, design and engineering, supply, installation supervision and commissioning.

How does Hitachi drive social innovation business?

Hitachi drives Social Innovation Business, creating a sustainable society through the use of data and technology. We solve customers' and society's challenges with Lumada solutions leveraging IT, OT (Operational Technology) and products.

Governor Glenn Youngkin today announced that Hitachi Energy, a global technology leader that is advancing a sustainable energy future for all, will invest \$37 million to expand its operation in Halifax County.

Hitachi Energy, a global technology leader that is advancing a sustainable energy future for all, today announced it has handed over the North Sea Link power interconnector to Statnett, the national power grid operator in Norway, and National Grid, which owns and manages gas and electricity infrastructure in the UK and northeastern United States.

Governor Glenn Youngkin today announced that Hitachi Energy, a global technology leader that is advancing a sustainable energy future for all, will invest \$37 million to expand its operation ...

Hitachi Energy and Aibel join forces with RWE to accelerate offshore wind power integration, signing framework agreements for multiple HVDC systems. Learn more about this strategic partnership.

RTE and the Chantiers de l'Atlantique - Hitachi Energy consortium sign a EUR4.5 billion contract for the construction of three offshore direct current platforms and three onshore ...

## Hitachi energy as Norfolk Island

Following an international call for bids, RTE, the project owner of the connection of offshore wind farms, has selected the Chantiers de l'Atlantique and Hitachi Energy consortium to carry out the execution of offshore and onshore conversion stations for the future offshore wind farms in Normandy and Ol#233;ron.

Wind generation is already a favored and extensively used alternative-energy source in the U.S. However, opportunities to fully utilize the potential of onshore wind resources in North America are hampered by the large geographical distances between favorable mid-western wind resources and the large population centers near the east and west ...

Together with customers and partners, Hitachi Energy is committed to renewing what's possible with our energy system. We continuously enable the integration of solar, energy storage, microgrids, wind, EV charging infrastructure, and hydrogen into more sustainable, flexible, and secure power systems.

Hitachi Energy, a global technology leader that is advancing a sustainable energy future for all, today announced it has handed over the North Sea Link power interconnector to Statnett, the national power grid operator in Norway, and ...

Hitachi Energy will provide essential grid connection and power quality equipment to ScottishPower Renewables for the East Anglia 2 (EA2) offshore wind project. The project will generate enough energy to power one million homes in the UK.

Hitachi Energy, a global technology leader that is advancing a sustainable energy future for all, today announced it has handed over the North Sea Link power interconnector to Statnett, the ...

RTE and the Chantiers de l'Atlantique - Hitachi Energy consortium sign a EUR4.5 billion contract for the construction of three offshore direct current platforms and three onshore converter stations for the Normandy (Centre Manche 1 ...

Hitachi Energy plans to invest \$26 million into expanding its South Boston facility, that manufactures transformers, a move expected to create about 100 jobs, according to a news release the company shared with a few stakeholders in the Southern Virginia region in June.

Hitachi Energy Ltd. will invest \$37 million to expand its operation in Halifax County, creating 165 jobs, Gov. Glenn Youngkin announced Wednesday. The technology company will add 26,000 square feet to its existing facility in the county to make space for a new production line of large transformers to support the utility and renewable energy ...
