

# Hong Kong sembcorp battery

Where is Sembcorp building a battery storage system?

Sembcorp is building 200MWh of battery storage systems on Jurong Island, Singapore, home to much of the country's industrial activity.

Why should you choose Sembcorp?

As one of Asia's largest battery operators, Sembcorp's expertise in energy storage systems is well-positioned to support the transition to cleaner and more sustainable energy systems. Our in-house expertise allows us to build complex projects globally. In Singapore, we operate Southeast Asia's largest energy storage system.

What is Sembcorp ESS?

The Sembcorp ESS, an integrated system with over 800 large-scale battery units, has a rapid response time to store and supply power in milliseconds which is "essential in mitigating solar intermittency caused by changing weather conditions in Singapore's tropical climate."

What is Sembcorp BESS?
