

Install solar Spain

Should you install solar panels in Spain?

If you're reading this, it's very likely that you live in Spain or have a second home there. And you are looking for installing solar panels to save on your electricity bill. You want to forget the volatility of prices, and that's understandable.

How much does it cost to install solar panels in Spain?

The cost of installing solar panels varies based on your energy needs and location in Spain. On average, it costs between EUR6,500 and EUR10,000(excluding batteries). SolarMente offers an all-in-one solution combining solar panels, energy storage, and smart power management, you can enjoy self-consumption and maximise your energy savings.

Are solar panels a good investment in Spain?

With Spain's abundant sunshine, installing solar panels is a smart investment for both homes and businesses. Here's an easy-to-follow guide to help you understand the process and requirements for installing solar panels in Spain. This article is written by Wouter Draijer, founder of SolarMente.

Can I get a grant if I install solar panels in Spain?

If you install solar panels in Spain and apply for EU funding before 31st December 2023 you can receive EUR3,000 in grants. But note that the grant of 600 EUR/kWp is also only available for solar panel installations in Spain with a kWp under 10.

Are solar panels eco-friendly in Spain?

It means the carbon footprint of manufacturing 16 solar panels is equivalent to the carbon footprint of 3 kWh in Spain - most detached homes here will consume 3 kWh by midday in a single day. This makes a solar panel installation in Spain very eco-friendly. While solar energy is renewable most solar panels come with a lifespan up to 25 years.

What types of solar batteries are used in solar panel installations in Spain?

Below find out about the 5 main types of solar battery used in solar panel installations in Spain. For home solar panel installations in Spain, lithium-ion and lead-acid are the most common solar batteries. The right choice for you depends on a number of factors. Let's take a look at some of the terminology seen above and other considerations.
