

PEGAfrica, founded in 2013 by Hugh Whalan and Nate Heller, is a leading asset financing company that provides Pay As You Go solar energy products to off-grid customers in Ghana, Cote d'Ivoire, and Senegal. Their services give customers access to improved quality lighting, mobile phone charging, and appliances such as radios and televisions.

PEG Africa (also known as PEG) is a for profit corporation, financing and deploying solar power to households and SMEs in West Africa. The company provides loans for pay-as-you-go (PAYG) solar power home systems and solar water irrigation to customers that do not have access to an electrical grid. The loans are repaid by customers in small increments, using mobile payments. The solar power home systems can be used by customers as collateral for loans on further prod...
