Should Kuwait reevaluate its power generation and desalination plans?

Environmental considerations, cost reductions in renewable energy technologies and higher than expected growth in electricity and water demand could persuade Kuwait to reevaluate its current expansion plans for the power generation and desalination sectors, particularly if MED and RO technologies prove to be more efficient and reliable.

What are delta power supplies used for?

Target applications include IT, Telecom, Automotive, Industrial and Medical. Delta is a leading supplier and provider of switching power supplies. We offer a diversified selection of power supplies for use in an extensive range of portable devices.

How can we improve energy data collection in Kuwait?

This could be facilitated through more coordination and collaboration between energy players within Kuwait and improving the institutional capacity for data collection. The lack of collaboration and expertise contribute to long delays in receiving feedback and data from energy entities. The situation, however, is expected to improve.
