

Mars solar energy Seychelles

Who is energy solutions Seychelles?

Welcome to Energy Solutions Seychelles - Leading solar energy company in the Seychelles We supply and install high quality solar energy systems and solar hot water products in the Seychelles. Our aim is to provide reliable technologies including photovoltaic panels and dependable installation service. Why Choose Us Most experienced

Why choose Seychelles solar energy?

Local Seychelles experience Mahe, Praslin, La Digue and outer islands Certified by Seychelles Energy Commission Approved by PUC Technical staff qualified in solar energy & energy efficiency Quality renewable energy products Warranty & Certification Best price Optimal performance Best return on investment Solar Energy PV Systems

Who is ESS Seychelles?

Contact Us ESS has been installing photovoltaic (PV) systems in Seychelles since 2012 and provides renewable energy products and energy efficiency consultancy. About Us FAQ About PV Products

How is electricity produced in Seychelles?

Electricity for the island nation of Seychelles is primarily produced by diesel generators which must import their fuel (69 MW on Mahe and 12 MW on Praslin). Energy policy calls for 15% renewables by 2030. In June 2013, the first wind farm in Seychelles was officially inaugurated.

What is Seychelles' energy policy?

Energy policy calls for 15% renewables by 2030. In June 2013, the first wind farm in Seychelles was officially inaugurated. This 6 MW power plant can produce up to 2% of the Seychelles' power and is located on Mahé Island. It is expected that the wind farm will replace 1.6 million litres of diesel fuel annually.

How does UNDP support the Seychelles Energy Commission?

Through the Climate Investment Platform, UNDP is supporting the Seychelles Energy Commission's initiative to make the adoption of renewable energy accessible to the population that would otherwise not be able to afford to do so.

In a drive toward sustainability, the United Nations Development Programme (UNDP) in Seychelles in partnership with the Seychelles Small Hotels & Establishments Association (SSHEA), held a workshop on Thursday 5th December to present the findings of a feasibility study on integrating solar energy into small hotels and tourism establishments. This ...
