

Leading East and West african renewable energy provider, Starsight Energy, announces proposed merger with renowned South African solar energy enabler, SolarAfrica, to create one ...

Leading solar energy providers in Africa, Starsight Energy and SolarAfrica, merged to become one of the largest commercial and industrial (C& I) solar companies in the continent. The merged group will accelerate its expansion in eastern, southern, and western Africa, and is also planning for pan-African diversification.

Since 2011 we've been financing and delivering solar projects across Southern Africa. With over 60MW of funded solar projects, we are continually driven to assist our customers in reaching their green energy ambitions while saving them money in the process.

On 1st August 2023, Starsight Energy and SolarAfrica announced that they have completed the process of merging in order to become a leader in renewable energy in Africa. The companies provide renewable energy solutions with storage option to ...

The merged group consists of an installed and contracted portfolio of 520 MW in solar power generation, 60 MWh of battery storage and an additional energy pipeline exceeding 2 GW. The portfolio has led to a carbon offset of more than 360 000 tonnes of CO₂ to date.

Leading East and West african renewable energy provider, Starsight Energy, announces proposed merger with renowned South African solar energy enabler, SolarAfrica, to create one of the largest C& I solar developer on the African continent.

SolarAfrica Energy () and Starsight Energy () are pleased to announce the successful completion of their business merger. The merged group is now set to become the leading pan-African clean energy platform providing on- and off-site renewable energy solutions to commercial and industrial ...

The newly combined strength of Starsight Energy and SolarAfrica Energy will make it one of the continent's most dominant solar players - a genuine pan-African provider of competitive, full-service renewable energy and energy efficiency solutions to the continent's commercial and industrial (C& I) sectors.

On 1st August 2023, Starsight Energy and SolarAfrica announced that they have completed the process of merging in order to become a leader in renewable energy in Africa. The companies ...
