

# Moldova solar panels made in europe

What is the EU solar manufacturing map?

The EU Solar Manufacturing map gives an overview of solar manufacturing companies active along the solar PV chain. On this map, you'll find manufacturers spanning from polysilicon to module as well as the aggregate production capacities for each segment.

Who is EU solar module manufacturing company?

The EU solar module manufacturing company that delivers novel products to solar market. Our development and flexible OEM manufacturing capabilities allow us to create one-of-a-kind design, custom-shaped and sized solar solutions for seamless integration for BIPV projects and IntegratedPV products worldwide.

What is the European Solar innovation map?

Furthermore, the map includes equipment manufacturers and European research centers which are the backbone of European solar innovation. This is a dynamic map that allows you to use the filter system and select any segment of the value chain, in any country.

Metsolar is the EU solar module manufacturing company that delivers novel products to solar market. Our development and flexible OEM manufacturing capabilities allow us to create one-of-a-kind design, custom-shaped and sized ...
