We offer a comprehensive selection of enclosures, cabinets, and boxes, available in various sizes, materials, and finishes. Our product portfolio includes wall-mounted and freestanding enclosures, modular cabinets, industrial consoles, ...

ETA is an established brand in the world of industrial automation, with a range of metal enclosures suitable for any environment and application. From terminal boxes that can fit in the palm of your hand, to wall cabinets large enough to walk inside, ETA provides it all.

Our enclosures come in various sizes and materials to meet the needs of different applications and environments. ETA Enclosures can be customized to fit specific requirements and can include additional features such as ventilation, heating/cooling systems, and mounting options.

Since ETA was established in 1978 in Italy, the company gained 40+ years of experience in steel sheet, stainless steel and extruded aluminum production. It has established itself as a global reference in the market of unwired electrical cabinets.
