

## Morocco zout batterij

Will Morocco set up an electric vehicle battery plant?

Last year, the Moroccan government and China's Gotion agreed to look into setting up an electric vehicle battery plant in the kingdom with up to \$6.3 billion in eventual investment. Industry minister Ryad Mezzour told Reuters last month the Gotion project was advancing with discussions on the footprint and location.

Will China and shinzoom set up two separate battery plants in Morocco?

RABAT, May 15 (Reuters) - Chinese auto battery manufacturers Hailiang and Shinzoom will set up two separate plants in Morocco, as the country seeks to adapt its growing automotive sector to increasing demand for electric vehicles, Moroccan officials said on Tuesday.

Will Hailiang build a copper plant in Morocco?

Authorities in charge of developing the Moroccan northern industrial zone, Tanger Tech, said Hailiang plans to build a copper plant worth \$450 million on an area of 30 hectares. Shinzoom, part of Hunan Zhongke, will invest \$460 million in an anodes plant spanning over 20 hectares, they said in a statement.
