

Nigeria solartec holding

Who is Soltec Power Holdings?

Soltec Power Holdings is a leading global company specialized in providing integrated solutions in solar PV focused on tracking systems with a strong commitment to innovation. The company holds a top-three position globally, #1 in Mexico and Argentina and #2 in Brazil and Spain.

When will Soltec Power Holdings IPO?

The listing is expected to take place on October 29 under the ticker "SOL". The Comisi3n Nacional del Mercado de Valores ("CNMV") today approved the prospectus for the Initial Public Offering ("Offering") of Soltec Power Holdings new ordinary shares. The Company will issue new shares for an initial amount of EUR150 million.

Why should you choose Soltec?

Soltec was born with the purpose of creating a clean, sustainable and fair world based on efficient photovoltaic energy production. To achieve this, since its inception Soltec has been committed to leading the global photovoltaic energy market, offering reliable solutions through the most advanced technology.

Why did Soltec Power Holdings get a market listing?

With the Company's market listing, Soltec Power Holdings aims to reinforce its transparency and corporate governance, as well as to strengthen and institutionalize the relationship with its internal and external stakeholders, while widening the shareholder base and diversifying its funding sources.

Why is Soltec a sustainable company?

Soltec's activity, sustainable since its conception in 2004, has a firm purpose: to create a clean, sustainable and fair world through energy. How simple actions can make a difference and contribute to a more sustainable and environmentally responsible future. This is how we do it at Soltec.

Is solar project economics favorable in Nigeria?

Both reports also explore solar project economics, which are increasingly favorable in Nigeria and many other markets. This market assessment report for Nigeria surveys the potential for solar solutions to address the energy access and cost issues facing commercial, industrial and residential customers.
