

Ninedot energy Jersey

What is ninedot energy?

With sites in the Bronx, Brooklyn, Queens and Staten Island as well as Westchester County and Long Island, NineDot Energy is helping to make our local power grid cleaner, more resilient, more equitable and less costly, supporting New York's energy transition. NineDot Energy combines "outside-the-box" thinking with collaboration and execution.

What does ninedot do for New York State?

As a top developer focused on the New York City market, NineDot aims to support New York State's mission to achieve its goal of 100% clean energy by 2040, including a recently-doubled target of 6,000 MW of energy storage by 2030.

Why did ninedot invest in Carlyle?

Carlyle's investment will enable NineDot to further advance its leadership position in providing community clean energy solutions in New York and beyond." David Slutzky, Founder and CEO of Fermata Energy said, "To enable the transition to a clean energy economy, abundant energy storage must be deployed quickly and at scale.

Why is ninedot a good place to work?

NineDot's first battery energy site in the Northeast Bronx went live, ready to strengthen the local power grid and provide stable, reliable and resilient power to the surrounding community, and Starbucks became our anchor subscriber. We were named #5 on Crain's New York Business 2023 list of 100 Best Places to Work in New York City.
