Effective Nov. 8, the Virgin Islands Energy Office overhauled the Virgin Islands Energy Storage (VIBES) program, opening up the application specifications to allow for larger battery systems to participate. VIBES is all about keeping the lights on, even when a storm or other event causes electrical service in the territory to be disrupted.

Our extensive collection includes a wide range of industrial lighting and commercial lighting solutions designed to meet the diverse needs of modern businesses. From commercial and industrial LED lighting fixtures to LED retrofit lamps, we offer superior quality and energy efficiency in every product.
