

Off grid power solutions Falkland Islands

What is OffGrid Power Solutions?

OffGrid Power Solutions is a mobile source of solar power providing temporary back up power and a remote power option for critical loads. These systems offer a more economic, cleaner, and renewable source for energy and a market that is expected to grow 7% through the year 2020.

Does the Falklands need a new wind farm?

But the Falklands feel it is not enough and besides the current wind farm is reaching its renewal date. No wonder then that notice has been given of the planning applications submitted for the Farm Expansion of Sand Bay Wind Farm to include 3 by E70 Enercon wind energy converters and battery storage. FIG and c/o Glenn figure as the applicant.

What happened to MercoPress Falklands power station?

MercoPress Falklands New Power Station project in Stanley to begin, end of unplanned power cuts? The current Power Station is nearing the end of its life and the replacement has been a key priority for numerous Assemblies.

Where can I find a plan for the Falkland Islands?

FIG and c/o Glenn figure as the applicant. The plans and details can be viewed at the Planning Office, Secretariat, Stanley and on the Falkland Islands Government Planning & Building Services Facebook page. Anyone wishing to comment on these applications must do so in writing, to the Planning Officer, by 2 February 2024.
