Who is solar energy Papua New Guinea?

We are Papua New Guinea's leading solar energy company, providing high quality solar services for your home or business through renewable energy. WHY USE SOLAR? Despite huge popularity in the rest of the world solar power has yet to take off in PNG.

Will solar power be the next stage in PNG?

Electricity in PNG is still very expensive and the cost of solar power continues to fall each year. Now we're seeing similar price drops for batteries, and I think that will be the next stage for solar projects, as many of them will begin to include energy storage.

Who is solar solutions png?

Solar Solutions PNG is a leading organization dedicated to transforming the lives of people in Papua New Guinea through the power of solar technology. Our mission is to create a prosperous nation where every individual has access to the essential technologies needed to lead healthy lives filled with dignity and opportunity.

Does PNG have a solar farm?

At the utility scale, PNG has a few solar farms under development, with largely unchanged progress as most of the obstacles here are regulatory more than economic. PNG Power Ltd and the Department of Energy are supportive of these projects, but there are a lot of moving parts and all parties have worked hard to keep them on track.

Is solar a good investment in PNG?

Even without incentives or feed-in tariffs, in PNG the economic advantage of solar is still overwhelming with ROI approaching 37 per cent for some projects. The first medium and large-scale solar projects will be commissioned over the next six months, which will trigger exponential growth in 2021 and likely many more players to enter the market.

Are Papua New Guinea's first electric vehicles coming to Port Moresby?

Papua New Guinea's first plug-in electric vehicles (EVs) - two cargo vans and a passenger bus - have appeared on the streets of Port Moresby. Ruby Gamoga reports. Improved access to finance could the rapid development of solar power, according to Jon Pittar, Managing Director of solar provider, Solar Solutions PNG.

The Aitape (West Sepik) and Arawa solar farms will provide electricity to more than 50,000 households and both leaders expressed looking forward to continuing a pipeline of solar farms and household solar projects in
