Solar power in Myanmar has the potential to generate 51,973.8 TWh/year, with an average of over 5 sun hours per day. Even though most electricity is produced from hydropower in Myanmar, the country has rich technical solar power potential that is the highest in the Greater Mekong Subregion; however, in terms of installed capacity Myanmar lags largely behind Thailand and Vietnam.

Myanmar Solar Power Trading Co.,Ltd is established in 2011 and we are one of the leading full-service providers for C & I projects, residential, industrial and large scale solar projects in Myanmar. From a single point of contact, we provide solar PV designs, calculations, consultations, installations and repair and maintenance services as well.

Complete Commercial & Residential Solar Systems. At FORTIS, we take pride in our commitment to sustainable engineering solutions that contribute to a greener environment. Specializing in Solar Solutions, our services are dedicated to harnessing the power of the sun to provide clean and renewable energy sources for a more sustainable future.

Among the renewable energy available, the potential of solar energy is one of the great interests in Myanmar. The government of Myanmar has set a plan to electrify the whole county in 2030. On the other hand, ASEAN has a target that is to increase 23% of Renewable Energy in ASEAN generation mix by 2025.

Prima solar Myanmar

GPE completed the Taungdaw Gwin solar photovoltaic (PV) facility within ten months despite the challenges of the COVID-19 pandemic. The renewable energy project was commissioned in November 2022. one of the leading business conglomerates

Myanmar's solar market is predominantly led by Chinese companies, including Sandisolar. In 2022, Sandisolar completed 36 solar projects and that number rose to 115 in 2023, with over 200 projects planned for 2024, Thi Thi Soe said. This growth highlights the increasing use of solar energy in the Southeast Asian country, she added.

Fastest Supply and Installation Service: At Company Name, we pride ourselves on providing the fastest supply and installation service for solar panel systems in Myanmar. We understand the value of time and ensure swift project execution without compromising quality.

Myanmar's solar market is predominantly led by Chinese companies, including Sandisolar. In 2022, Sandisolar completed 36 solar projects and that number rose to 115 in 2023, with over ...
