Polish solar power producer R.Power SA said it has boosted its equity with EUR 25 million (USD 27m), as part of a EUR-100-million investment that was previously committed by the European Bank for Reconstruction and Development (EBRD) and the Three Seas Initiative Investment Fund (3SIIF).

We power the world with green energy! Our mission is to develop renewable energy sources, which contribute to protecting the environment and supporting economic recovery on all of our markets. We are a reliable company, basing our expansion and value growth on the principles of sustainable development.

The company is focused on the development of designs of photovoltaic power plants, construction of photovoltaic power plants (EPC Engineering Procurement & Construction), power plant servicing (O& M Operations & Maintenance), and independent production of green energy (IPP Independent Power Producer).

R.Power at a glance. We are one of the fastest-growing companies on the European market of large-scale solar energy. We build a clean, better future because we know that renewable energy - photovoltaics in particular - is essential for the sustainability and improvement of the current climate situation. We are among the leaders of such changes.

Independent power producer (IPP) R.Power has raised EUR150 million (US\$160.4 million) from the Three Seas Initiative Investment Fund (3SIIF) to continue its long-term growth strategy.
