

Renamed southern energy storage

It was renamed the Southern Technical Institute in 1949 and moved to its present campus in Marietta, Georgia in 1962. It went through another name change in 1987 and became the Southern College of Technology. ... A Novel Design Of Wave Energy Harvest Device With Flywheel Energy Storage System: Lin, K., Joo, Y., Helkin, S. July 2011: Conference ...

Granted, Southern Company hasn't had a new look in nearly 20 years, but they're not really straying that far from the old look. The font got skinnier. The triangle got flashier. (See logo art.) Still, it's always nice to get a makeover once in awhile, even if it's just to boost personal confidence. Despite the new Southern you, though, the company pointed out that this ...

SSE Plc history, company profile (overview) and history video SSE Plc is a multinational energy company headquartered in Perth, Scotland, the United Kingdom. The company develops, owns and operates low-carbon infrastructure, including onshore and offshore wind, hydropower, electricity transmission and distribution grids, and efficient gas-fired ...
