Who is rezolv energy?

Rezolv is a highly experienced, independent renewable energy producer. 2024 Rezolv Energy. All rights reserved Rezolv is a highly experienced, independent renewable energy producer building a multi-gigawatt portfolio including wind, solar and battery storage that delivers clean energy across Central and South Eastern Europe.

What is rezolv & how does it work?

Rezolv aims to build a multi-gigawatt portfolio of wind, solar and energy storage. This will help companies and countries across the region meet their energy needs in response to energy security challenges and climate policies. It will take renewable energy projects from late-stage development through construction and into long-term operation.

What is Actis rezolv energy?

In July 2022, Actis announced the launch of Rezolv Energy, an independent clean energy power producer, established to build a new era of sustainable power in Central and South Eastern Europe.

What makes rezolv unique?

Rezolv is built on 15 years of clean energy heritage in the region. Its leadership team previously developed the largest wind farm at the time in both Croatia and the Czech Republic, and the largest independent wind farm in Romania.

What makes rezolv energy unique?

We already have over 2GW of clean energy being prepared for construction across four sites in Romania and Bulgaria, and a strong pipeline of projects in development across several countries. At Rezolv Energy our values are the essence of our identity, guiding our actions and driving our commitment to a clean energy future.

When will rezolv be built?

Construction contracts are expected to be awarded early next year, with the projects expected to be operational by 2025-26. Rezolv is built on 15 years of clean energy heritage in the region.

In July 2022, Actis announced the launch of Rezolv Energy, an independent clean energy power producer, established to build a new era of sustainable power in Central and South Eastern Europe. Rezolv, the latest investment from Actis' Energy 5 Fund, which represents US\$6bn of investable capital, will provide subsidy-free clean energy at a long ...

The project location is secured, situated on a large flat site, benefitting from good solar irradiation and energy yield. The power plant is in a final development stage with confirmed capacity for grid access close to the site and is currently being prepared for construction.

Rezolv, the latest investment from Actis' Energy 5 Fund, which represents US\$6bn of investable capital, will provide subsidy-free clean energy at a long-term, stable price for commercial and industrial users, and other off-takers, operating across the region.

Rezolv Energy, an independent power producer backed by Actis, has secured up to EUR90 million in debt financing from the International Finance Corporation (IFC) and Raiffeisen Bank International to support the construction of the "St. George" solar park in north-eastern Bulgaria.

Rezolv Energy's CEO, Alastair Hammond, expressed enthusiasm about these developments, stating, "These are exciting times in Bulgaria. Very large-scale projects like St. George will take the transition to the next level." With well over 2 GW of clean energy capacity in the pipeline, Rezolv Energy is playing a crucial role in driving the energy ...
