

The EEA and Norway Grants have made possible the development of the methodology required for the Smart MicroGrid Controller to increase efficiency in local energy production and use by facilitating direct ...

Your microgrid controller is the brain for your microgrid -- the piece of technology that transforms a collection of disparate microgrid energy resources into a cohesive independent power grid. ...

Proiectul are ca obiectiv analiza barierelor legale și tehnice actuale și adoptarea la scară largă a microgridurilor din România și propunerea unei soluții tehnice care să permită controlul ...

We celebrate the beginning of the year by acknowledging the effort made to carry out the Smart Microgrid Controller research & development project: a advanced control system of a microgrid. a microgrid design methodology. a simulation of ...

The Smart MicroGrid Controller (Smart M²GC) project approach is oriented towards the development and demonstration of a design methodology that allows the control, interconnection and integration of microgrids in the main network. The ...

Folosind finanțare norvegiană, proiectul SIS și propune să realizeze fundamentarea tehnică a implementării unui micro-grid, înăd cont de aspectele legislative ...

Anunț privind finalizarea proiectului Soluție inteligentă de controller pentru microgriduri, și ntr-un proiect cu fonduri norvegiene Societatea de Inginerie Sisteme SIS SA cu ...

Microgrid Controller ?????????,????????????????????Microgrid Controller ? Powerhub
????,???????????????????? ...

Microgrid supporting transmission grid by facilitating demand response programs as well as providing reactive power, frequency, and voltage control. Optimized self-consumption Reduces energy costs when feed-in tariffs are low. Surplus ...

The main objective of the project is to analyze the current legal and technical barriers in the large-scale adoption of microgrids in Romania and to propose a technical solution that allows efficient control of a microgrid and integration ...

Romania microgrid controller
