

Rubicon solar French Southern Territories

Terres australes et antarctiques françaises; French Southern and Antarctic Territory; TAAF) 7781 (432000) ,

Rubicon's energy and storage products are used in various applications including residential and commercial buildings, off-grid settings, and utility scale solar projects. Browse through our case studies to see how our products are benefiting a variety of end users.

Positioned among the leaders in solar energy production in France, we are also developing installations in Italy and Spain. Our aim is to become a major player in the production of photovoltaic electricity in Europe.

Specialising in ground-mounted, agrivoltaic, agricultural and tertiary rooftop installations, as well as parking lot shading, Rubis Photosol develops and installs projects that create value for their territory and for our partners.
