

Will funeng technology build a new energy battery project in Wuhu Sanshan?

Funeng Technology plans to set up a project company in Wuhu Sanshan Economic Development District to invest in the construction of an annual 24GWh new energy battery project. According to the plan, the project will be divided into two sub-projects, and construction is scheduled to start in October 2021.

How much money does funeng technology receive?

Home /Metal News /Funeng Technology has received 26.65 million funds to support the development of low-cost fast-charging battery technology for electric vehicles. Funeng Technology has received 26.65 million funds to support the development of low-cost fast-charging battery technology for electric vehicles.

How much will funeng technology invest in 12gwh power lithium battery project?

Home /Metal News /Funeng Technology plans to increase 5.2 billion yuan and 4.6 billion yuan for the annual production of 12GWh power lithium battery project. Funeng Technology plans to increase 5.2 billion yuan and 4.6 billion yuan for the annual production of 12GWh power lithium battery project.

What is funeng technology?

In terms of products, Funeng Technology has mass-produced cell products with an energy density of 285Wh/kg, developed and verified 330Wh/kg high-energy density semi-solid batteries, and reserves 400Wh/kg of high-energy density semi-solid battery technology.

How funeng technology & Xinri new energy vehicle company cooperate?

On January 18, the official website of Funeng Technology announced that a few days ago, Funeng Technology and brilliance Xinri New Energy vehicle Co., Ltd. signed a strategic cooperation agreement, the two sides will complement each other, common development, continue to maintain a leading position in the industry, and achieve strategic win-win.

How much yuan will funeng technology raise?

On the evening of September 16, Funeng Technology (688567) announced that it was proposed to raise no more than 5.2 billion yuan for high-performance power lithium battery projects and science and technology reserve funds.

Financial Associated Press, September 16 - Funeng technology announced that it plans to raise no more than 5.2 billion yuan for high-performance power lithium battery projects and science and technology reserve funds.

Company profile for Funeng Oriental Equipment Technology Co., Ltd. (SHE: 300173) with a description, list of executives, contact details and other key facts. ... It also offers precision die-cutting product processing, and

IDC data storage and operation services. The company was formerly known as Sotech Smarter Equipment Co., Ltd. and changed ...

Company profile for solar panel and Component manufacturer Yangzhou Funeng Lighting Technology Development Co., Ltd. - showing the company's contact details and offerings. ... Yangzhou Funeng Lighting Technology Development Co., Ltd. Industrial Zone, Baqiao Town, Gaoyou, Yangzhou, Jiangsu ... Storage System Technology: GEL ...
