The BK500EI ensures office systems and their valuable data are protected from dangerous power surges, spikes and blackouts. This product is part of the Back-UPS range. The APC BK500EI features a total of 6 power outlets, 3 of which are UPS battery backup and 3 that are surge only.

Comparatively, partial-home battery backup systems usually store around 10 to 15 kWh. Given that power outages are infrequent in most parts of the country, a partial-home battery backup system is generally all you'll need. But, if your utility isn't always reliable for power, whole-home battery backup may be the way to go.
