

New York, August 2021 -- GridMarket, Sint Maarten, and Island Resilience Partnership (IRP) are thrilled to announce a public private partnership dedicated to helping Sint Maarten transition to clean, resilient, and affordable energy generation.

GridMarket is currently aggregating data and key information from government's GIS system in order to put forth options for more sustainable energy for the people of Sint Maarten. Prime Minister Jacobs stated, "Several large areas have already been identified for this project and the recommendation is to have the production spread ...

The current containerized proposal as presented by prime Minister Luc Mercelina on Tuesday, on suggestion by GEBE, will have to be rented for US \$1.9 million for three months with a delivery date of about five weeks.
