What is the Virgin Islands Energy Office?

The Virgin Islands Energy Office (VIEO) is focused on promoting sustainable energy policies in the Virgin Islands through clean energy production and distribution, energy efficiency, transportation, and energy consumption. It achieves this through outreach, financial incentives, training, and technical assistance.

Why should the US Virgin Islands own solar assets?

The US Virgin Islands should invest in solar assets for enhanced portfolio diversification and risk mitigation. WAPA ownership guarantees coverage by WAPA and FEMA during natural disasters, eliminating uncertainties (1. Enhanced Portfolio Diversity: WAPA diversifies its energy portfolio, ensuring a more resilient and sustainable future).

Will St John be the first state to be fully powered by solar?

St. John is poised to be the first state or territory to be fully powered by solar energy. The government expresses unwavering confidence in WAPA's ability to maintain these assets and extends heartfelt gratitude to VIElectron and Honeywell for their transformative contributions.

The Virgin Islands Energy Office's successful selection of its Solar for All application has presented a historic opportunity for the territory to fast-track an equitable ...
