

Smappee energy Micronesia

What is the smappee app?

The Smappee App places smart charging and energy management firmly in your hands. It provides details about the cost of your energy usage. Make the most of tracking, managing and optimizing your energy consumption and have everything at your fingertips to charge and use energy in the most cost-effective way.

What is smappee's future-proof energy management system?

Smappee's future-proof energy management system uses state-of-the-art technology to analyze the real-time use of electricity and solar power. The system not only provides a large amount of highly valuable, actionable data down to the appliance level but also allows users to control their energy flows.

Why should you choose smappee?

Smappee develops innovative solutions that foster sustainable energy consumption. They offer people user-friendly, affordable and efficient ways to use less energy without sacrificing comfort. Under the slogan "Let's win", Smappee takes care that both the consumer and the environment win. Smappee is not only the name of the product, but also

How does smappee NILM work?

Use Smappee's patented NILM (Non-Intrusive Load Monitoring) to detect appliances and their estimated consumption by attaching a clamp on the power cable. The energy management system is future-proof and can adapt to any scenario, allowing over-the-air updates and extra modules to be added at any time.

What is the smappee power box?

The Smappee Power Box measures the line voltage of the connected phases, collects the currents from the CTs and calculates power, active, reactive and other energy and power quality data. The Smappee Genius is the gateway between the Smappee modules and the Smappee Cloud and ensures secure data storage.

Smappee EV charging stations ensure cost-efficient charging of your car at home, work or on the road. Up to 6x cheaper. But that's not all. Smappee analyzes your consumption of electricity, ...

This article will give a brief overview of how to view and analyse your energy consumption in the Smappee dashboard. The article will briefly go over the live values, our graphs and table and how to configure them.
