

What is the potential of photovoltaic energy in Slovenia?

Slovenia offers great potential for exploiting photovoltaic energy due to evenly spread solar irradiation. The first photovoltaic power plant in Slovenia was set up in 2001. At the end of 2017, 4,231 photovoltaic power plants had been installed in Slovenia with a total power of 267 MW.

How much does electricity cost in Slovenia?

Slovenia, September 2022: The price of electricity is 0.295 U.S. Dollar per kWh for households and 0.186 U.S. Dollar for businesses which includes all components of the electricity bill such as the cost of power, distribution and taxes.

How do I get a loan for a photovoltaic power plant?

In order to manage the construction and installation costs of the photovoltaic power plant, investors may apply for favourable loans or grants from the Eco Fund, the Slovenian Environmental Public Fund. Project loans for photovoltaic power plants are also available from commercial banks, usually under less favourable terms and conditions.

Nina Hojnik, the director of the Slovenian Photovoltaic Association, speaks to pv magazine about new provisions for large-scale solar in Slovenia. She discusses several regulatory obstacles to...

Ossila solar simulator systems use a carefully calibrated array of LEDs to bring you a high-quality spectrum at impressively low costs. This system achieves excellent spectral match and high spatial and temporal uniformity, is perfect ...

Kaj je pred izbiro izvajalca in izbiro znamke solarnih panelov dobro preveriti in kakšen vpliv imajo posamezne komponente na učinkovitost panelov, so nam pojasnili v podjetju Enertec d.o.o. iz Maribora, ki že vrsto let ...

The Energy Agency of Slovenia approved the applications for subsidies for 36 photovoltaic plants in the latest public call for state support. The highest offered price among the picked projects is EUR 107.34 per MWh.

Combine your new roof with integrated solar cells In a time when electricity prices are rising, it makes sense to invest in your own electricity production. ... among other things, that Solartag ...

Solar Market Outlook in Slovenia. ... The significant drop in the price of solar components can be attributed to this growth in the Slovenian solar market. In addition, the support models and ...
