

# Solar power backup systems for homes Latvia

Iepazīstiet Solar Energy Latvia, kas ir labākais saules enerģijas iekārtu piegādātājs un uzstādītājs Latvijā. Mūsu uzņēmums tika dibināts 2020. gadā, kad mūsu dibinātājs Edgars Pērkonis pamanīja, ka pastāv plaša starpība ...

Whether you're looking to power your home or business, our solar panels are a great choice. Plus, with our competitive prices and fast shipping, you can get your solar panels up and running in no time. At Elekrika, we believe that solar energy should be accessible to everyone.

Enerģolukss is the first specialized backup and guaranteed power supply company in Latvia with main focus on delivery, installation, maintenance, repair and rental of generators and UPS equipment. Since 2018, e-mobility and solar energy solutions have also been delivered.

Europe now hosts enough home batteries to power more than every household in Latvia. Technically, this translates to total capacity growing from around 3 GWh in 2020 to over 5 GWh in 2021 and hitting the 9 GWh ...

Even in Latvia, where sunshine is not as prevalent, solar panels are a sound investment, able to pay for themselves in savings over a few years. However, the Baltic States are far behind the EU average in terms of use of solar panels, and Latvia's contribution to total installed capacity in the region is only 2%.

Your home deserves a reliable, clean solar battery backup system to keep it up and running when the grid gives out, or a unique situation calls for additional power. Solar inverter generators are an excellent choice for modern power consumers, as they generate energy using the sun and provide eco-friendly off-grid electricity.

Europe now hosts enough home batteries to power more than every household in Latvia. Technically, this translates to total capacity growing from around 3 GWh in 2020 to over 5 GWh in 2021 and hitting the 9 GWh mark in 2022.
